NOTICE TO STUDENTS OWING FEES AND EXCESS ACADEMIC LOAD

According to our University records, **4,600 students** have not completed their registration fees of 50,000 FCFA in the University, making a total of **230,000,000 FCFA**. In consequence of this, students are informed that:

1. The portal will be re-opened, until **15th July, 2020 at Midnight**.
2. No results will be released for all those who will not pay fees; results will be released upon payment of fees.
3. No transcripts will be printed for them.
4. No student in this category will be allowed to register for the next school year because the system for registration will reject them.

We appeal to students and their parents to cooperate with the University, given the pending amount of **230,000,000 FCFA**. The University depends on this money as it is part of its budget for the year.

In addition, we wish to remind students that unauthorized extra courses coming from the practice of **"stealing credits"** shall be cancelled automatically, in their transcripts.
